

ACTIVITY PACK

BEAUTY & THE BEAST

The following activities are from the programme for our production of 'Beauty and the Beast'. The activities were all designed for people who had seen the show so, if you didn't see the show, don't worry if not all the names and references make sense! You can still have fun with the activities and feel free to share your work with us:

WHERE ARE THE WORDS?

Can you find all the hidden words that relate to the show? Careful: words can be diagonal and backwards!

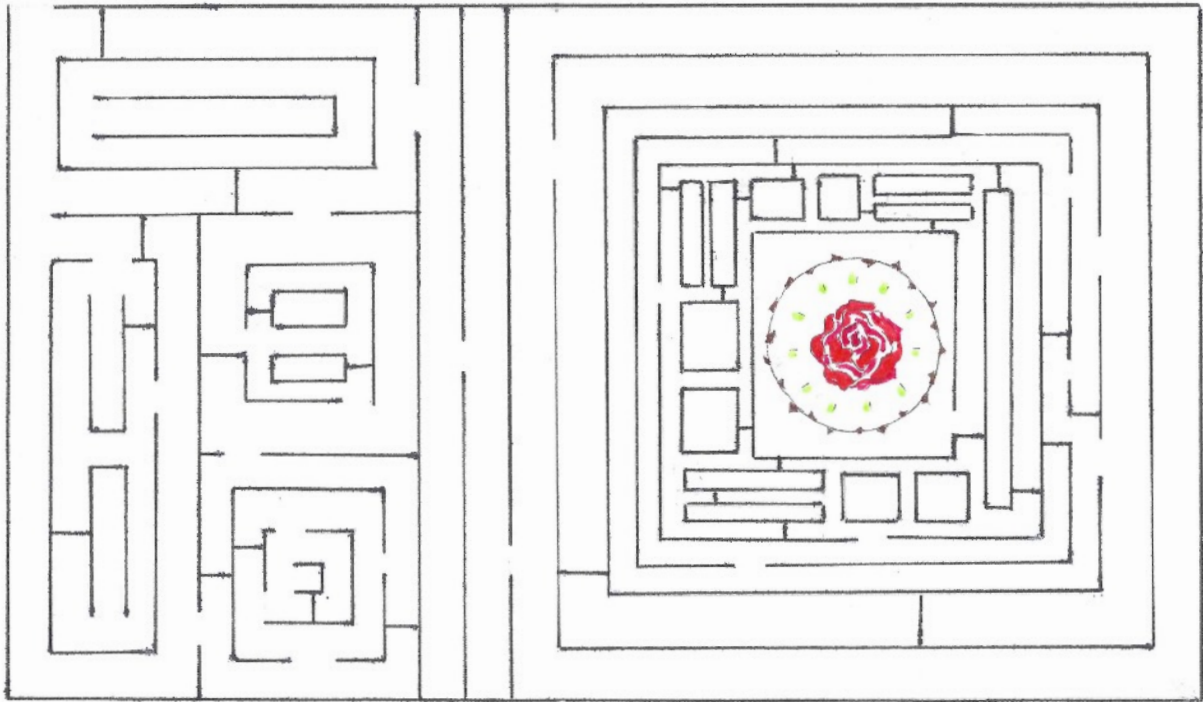

R	S	U	M	X	U	B	H	S	J	X	E	N	C	P
J	I	B	A	R	K	S	A	O	K	G	S	M	I	C
V	R	R	U	B	F	M	K	R	D	O	U	A	G	A

DON'T GET LOST!

Can you find your way through the maze to the rose in the centre?

PUPPETRY AT HOME

You can make your own house full of magic by bringing ordinary objects to life yourself. All you need to do is find an interesting object and find out how you think it would move. Perhaps it might slither on the floor or jump around? It might be slow or fast?

Putting a dot or a round sticker on your object gives it a 'focus'. This means a place that is the object's eyes or nose and where other people should look when talking to it. You might find your object has a natural 'focus', for example a pepper grinder often has a little ball on top which works.

Then look your puppet in the eyes (or nose) and decide what their name is. Once you have a name then try out some different voices and see which one you think works best.

Get your object walking and talking and moving! If the whole family joins in you can have an objects come to life party!

GIVE BELLE SOME COLOUR!
